Preface

Let's Learn English is a series of English Reader Books introduced by Vidya Bharti Uttar Kshetra Class I to V. The series primarily aims at bringing the children from rural area at par with the children from urban background where as the teaching of English language is concerned and putting them into the main stream of education in general so as to enable them to meet the challenges of the modern world without giving up their moral and ethical values.

This book uses the interactive approach to teach and learn English. It lays emphasis on acquisition of effective language rather than producing content based and memory - oriented answers.

The exercise part in each unit is divided into different sections - understanding, grammar, writing, words, vocabulary, speaking and fun-filled activities.

The reading material is followed by simple, yet absorbing exercises. Understanding section comprises of question-answers and filling the blanks. There are some simple everyday 'tasks' like learning, the words and their meanings, matching opposites, filling the blanks. The writing section is included to develop the skill of writing in an organised way. Playful activities have been interwoven in the text through out the series.

No work is ever complete. There is always a room for improvement. Hence your suggestions are welcome.
